UV Protect OCZ - Percentage Composition

Exact multi-constituent raw material for direct-plus-blend aggregation testing.

Supplier:	Synthetic UV Materials Pte. Ltd.
Trade name:	UV Protect OCZ
Product code:	UV-OCZ-70
Revision:	2.0 - 2026-10-05
Disclosure status:	Complete - totals 100%

Composition

INCI name	CAS No.	Composition (% w/w)
OCTOCRYLENE	6197-30-4	70%
ZINC OXIDE	1314-13-2	20%
CAPRYLIC/CAPRIC TRIGLYCERIDE	65381-09-1	10%

The supplier composition does not establish the finished product's intended ingredient functions. The reviewer must confirm applicable regulated functions separately.

Declaration

This synthetic document is provided only to test document extraction, source traceability, material association and deterministic concentration assembly.
